MO. HEALTH BOARD MAKES NEW RULING

COUNTY HEALTH COMMISSIONERS GIVEN MORE POWER.

STATE LAWS MORE RIGID

Householders Instead of Physicians to Report Communicable Diseases. Dr. Rowlett Deputy Commissioner.

New regulations of the state board of health, giving the county commissioners more power in the enforcement of health regulations, were announced by the state board. Dr. H. S. Rowlett is the deputy commissioner for this county.

One of the most important of the new regulations is that placing the responsibility for reporting communicable diseases upon the householder, instead of the attending physician. It provides that a householder shall report a case within his family or household within twenty-four hours after detection to the health officer of the local board of health, or, if he resides beyond the corporate limits of a town, to the county commissioner. The report must be made by writing, and, if practicable, by telephone also.

The term "householder" is defined as "the parents, guardians, caretakers or other persons who have charge of children or minors, or of the household or of a number or group of persons who dwell together or have their lodging or board together, and to the keeper, superintendent, manager, or other person who has charge of an almshouse, workhouse, house of correction, jail, prison, hospital or boarding school, camp or other institution."

A new regulation of the state board provides that in a case where a city board of health fails to enforce the minimum requirements of the state board, the state will place the county commissioner in jurisdiction of the city.

Another new regulation provides for the quarantining, wherever deemed necessary, of cases of syphilis, gonorrhoea and chancroid. Any person exposing another to veneral disease is made liable to punishment for having committed a misdemeanor against the state. It is provided further that physicians shall be prohibited from issuing certificates of freedom from veneral disease.

The commissioners were lectured by Frank W. McAllister, state attorney-general, who informed them that they would have the backing of the state's entire legal department in enforcing health regulations.

The commissioners also will be issued warrants giving them federal power in health jurisdiction.

An invitation is extended to the Democrats of Nodaway County to make the trip on this train. Other county delegations from this part of the state to the state convention as well as a number of friends of Judge Charles H. Mayer are planning to go.

RURAL SCHOOL MEETINGS BEING HELD IN COUNTY

Bad Roads No Bar to Two Days Campaign. Vitalized agriculture Pupils Give Exhibitions.

Many meetings are being held in the rural schools of the county yesterday and today in compliance with the county campaign scheduled for these days.

County Superintendent Bert Cooper attended a meeting at Union and Scudder schools yesterday where vitalized agriculture was demonstrated by the children in remarkably fine exhibits.

Myrtle Tree school, Miss Pearl Neal, teacher, Elm Grove with Miss Christie Waldier, teacher and Union Grove with Miss Ada Dinsmore, teacher, gave the program at the Union school and rendered the following demonstrations before a good crowd of patrons and visitors.

Live stock survey of both Myrtle Tree and Elm Grove school districts, and summary of the live stock of both districts.

A fly trap made by one of the children was exhibited and explained together with the drawing, plans, computation of amount and cost of material.

How to set the table and explanation of foods and table manners and a balanced ration.

How to get the number of tons of hay in a stack was demonstrated by the pupil giving the actual measurements of a hay stack they had measured and then computed the number of tons by a very short and simple process. The same was done with a crib of corn and the number of bushels of ear corn found. These were actual measurements of real cribs taken by the children.

Chickens were culled by the children, the children actually bringing the chickens to school and taking the hens, they explained the process and showed by comparison of certain points why one hen was a laying hen and the other one was not. This was a very excellent and interesting demonstration of much value to the farmers in attendance.

The children then took a very simple home made rope machine and with some binder string made a rope nine feet long, large enough for a halter rope. They computed the cost of the rope by arithmetical process, and compared it with the same rope purchased at the store.

A corn stringing contest was held between the different schools and it was a wonder how rapidly the children could string seed corn ready to hang up for curing and winter storing.

Land describing contest was held in which the children would give the numbers of any piece of land in any part checked in a township or county plat.

Songs and recitations along the line of swat, swat, swat the fly, and our foster mother, the cow, were were given.

DAVID BOYS WERE ROUGHLY HANDLED

FORMER MARYVILLE RESIDENTS BEATEN UP AT KANSAS CITY.

AN ELECTION EXPERIENCE

Both Boys Have Been in the Service —Are Brothers of Mrs. Tom Gile of East Edwards Street.

According to today's Kansas City Times Roy and Frank David, brothers of Mrs. Tom Gile of this city, were severely handled at Kansas City at election Tuesday. The David boys were formerly residents of Maryville. The article from the Times is as follows:

The Huns were no more brutal in war than the boss thugs were in their fight to save the election Tuesday, according to Roy and Frank David, brothers, who were victims of a cowardly assault by a mob of twenty boss hoodlums and sluggers in the ninth precinct of the second ward election day.

Roy David is a hero of the war. He served in Lieut. Col. Theodore Roosevelt's regiment in the 1st division and was wounded by machine gun fire during an attack at Soissons. Only last week he was discharged from the army. Returning to Kansas City he found the city in a battle with the bosses and immediately enlisted for service with the anti-boss men.

When the gang threw an honest challenger, whom they could not intimidate or bulldoze, out of the voting booth at 1742½ Washington street, Roy David was given challenger's credentials and sent to the place. With him was his brother, Frank, who remained outside the hundred-foot line. Roy David carried his anti-boss credentials in his hand. As he approached the door a gang of twenty ruffians spotted the credentials and pounced upon him beating him with blackjacks, knucks and revolvers over the head and face.

David fell to the pavement and was kicked and mauled as he lay in the street, dazed. Frank David rushed to his brother's rescue. The gang met him with the same weapons, inflicting a similar beating. Regaining consciousness, the brothers staggered down Seventeenth street toward Broadway. The boss thugs bravely gave chase, raining blows in the faces of the injured brothers at every step.

The boys finally were assisted to the office of Dr. Roy E. Gerstenkorn in the Gayety building, where their injuries were dressed. Several stitches were required to close the cuts in their faces. Yesterday the boys made a affidavits covering the outrage, which will be used in prosecution of the gangsters when they are caught by the anti-boss investigators.

Frank David served in the navy during the war. He is manager of the Walter David Rubber Company, 2307 Grand avenue. The brothers live at Hunter avenue and Main streets.

NATION WIDE RAIL STRIKE NOW A FACT

NEW ADDITIONS TO STRIKERS HOURLY FROM OTHER CITIES

FREIGHT AT STANDSTILL

Ten Thousand Switchmen and Yardmen Idle in St. Louis. Government May Intervene.

Chicago, April 9.—In some quarters wonderment is expressed that the government doesn't take speedy and drastic steps to crush the walkout. The last bulletin from the district chairman of the brotherhoods which are fighting for very existence in attempt to smash the strike declares there is a noticeable though slow improvement in the situation here. These claims were met with laughs from the strikers who deny there is any movement of freight in the yards.

Chicago, April 9.—A nation wide railway strike threatened is a fact today. Despite reassuring reports from the railroad officials and brotherhood heads that normal conditions are gradually being restored here, reports poured into Chicago almost hourly of new additions to the strike from other cities. With twenty-six cities already affected, the trouble has assumed national proportion.

St. Louis, April 9.—This city today is in the throes of the most serious railroad strike in years. Freight movement is practically at a standstill. Switchmen and yardmen estimated from 4,000 to 10,000 are idle.

THE UNIVERSAL CAR

Only a Limited Number of Ford Cars

There are mightly good reasons why you should buy your Ford car now. But the biggest one is that there are only so many Ford cars—just a specified limited number—allotted to this territory. Those who buy their cars now will be wise. They will have them to use whenever they wish.

Don't put it off—next spring, even next month, is an uncertainty. We cannot take orders for spring delivery. Even now, we must have signed bona-fide orders before our monthly allotment is shipped us. So the only way for you to be sure of getting a Ford car, is to order it now. Get your name on an order. It is your protection.

Again we tell you, the allotment for this territory is limited and you must buy now while deliveries are possible. As ever, the demand for Ford cars is away in advance of production. So, it's first come, first served. Spring, summer, autumn and winter are all the same to the Ford car. It is a valuable servant every day of the year. Rain or shine, it is ready for your demands. Buy now and get prompt delivery. You won't have to store it. You can use it. Buy now while the buying is possible.

Have you ever noticed how much keen satisfaction a man puts into that phrase?

He feels that the Stetson wearer is recognized as a person of taste and discrimination.

That is one of the reasons why we carry Stetson hats.

Another is their well-known quality —an assurance of sturdy wear under all conditions.

If Bilious, Constipated or Headachy take "Cascarets."

Tomorrow the sun will shine for you. Everything will seem clear, rosy and bright. Your system is filled with liver and bowel poison which keeps your skin sallow, your stomach upset, your head foggy and aching. Your meals are turning into poison, gases and acids. You can not feel right. Don't stay bilious or constipated. Feel splendid always by taking Cascarets occasionally. They act without griping or inconvenience. They never sicken you like Calomel, Salts, Oil or nasty, harsh pills. They cost so little too—Cascarets work while you sleep.—Adv.

Missouri State News Letter.

St. Louis, Mo., April 7.—Commenting on a report from Joplin that a national campaign would be waged for him as vice-president of the United States, David R. Francis today said he intended making no campaign for the nomination, but "if my party should confer the nomination on me I would feel in duty bound to accept."

The report from Joplin stated that a boom is to be started for Francis as vice-president at the Democratic State Convention April 22. The dispatch stated Francis has engaged a room at the Connor Hotel and was expected to superintend the launching of his boom, when a resolution endorsing him is introduced to the convention by Haywood Scott, or some other of his friends. There is talk, also, of sending him to 'Frisco as one of the "big four" delegates from Missouri.
